*Serial No 10/765,193***INTRODUCTORY COMMENTS**

The Examiner has objected claim 1 under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Applicant's proposed amendments obviate the Examiner's objections.

In addition, the Examiner has objected claims 1 through 8 under 35 U.S.C. 103(a), as being unpatentable over Leaflet No. 8, 1983 in view of Tayag (PH26114). Applicant has adopted the Examiner's suggestions, as per the telephonic conference with Examiner held on January 20, 2006, to overcome the Examiner rejections to the claims.
